

# Teaching Assistant Evaluation Form

This evaluation form has been prepared by *Nourhan Bayasi* to provide an opportunity for Professor *Jesus Calvino-Fraga* to reflect on Nourhan's performance and contributions as a Teaching Assistant for the course: **ELEC 291: Electrical Engineering Design Studio I** at University of British Columbia.

The purpose of this evaluation is to gather structured feedback on Nourhan's teaching assistance, including strengths, areas for improvement, and overall contributions to the course delivery. This feedback will be used for professional development, job applications, and personal growth.

**Please write the appropriate number (1–5) in the space provided. Additional comments are encouraged where applicable. Scale:**

**(1) Disagree Strongly, (2) Disagree, (3) Neither Agree nor Disagree,  
(4) Agree (5) Agree Strongly, (N/A) Not Applicable**

The T.A. was generally well prepared.	5
The T.A. was very knowledgeable in the subject matter.	5
In presenting new material, the T.A. was well organized.	5
The T.A. was able to help pick out the more important material dealt with in the course.	5
The T.A. demonstrated strong technical skills relevant to the course material (e.g., software, tools, or laboratory work).	5
The T.A. effectively facilitated lab sessions or practical components of the course.	5
The T.A. was able to work at assigned homework problems and answer related questions clearly.	N/A
The T.A. was able to answer most questions relating to the lecture material.	5
The T.A. spoke clearly.	5
The T.A. wrote clearly.	5
Any work graded by the T.A. was dealt with fairly.	5
The T.A. showed genuine interest in the academic progress of his/her students.	5
The T.A. was generally available for help outside class hours.	5
The discussion section helped make the course more interesting.	N/A
The T.A. encouraged active participation and discussion among students.	5
The T.A. provided useful feedback on assignments, projects, or lab work.	5
The T.A. was approachable and created a welcoming learning environment.	5

**Comments:**

**Nourhan has been the teaching assistant for ELEC291 a few times. Teaching assistants are fundamental for the proper deliver of ELEC291, in particular to anything related to student evaluations. Since in laboratory evaluations are frequent, and there are many students in the course, the evaluation process can become very stressing for the teaching assistants. Noruhan has been dealing with in laboratory evaluations very effectively and the students often appreciate her fairness and understanding. I have been very satisfied with Nourhan performance while being a a teaching assistant for ELEC291.**

**Completed by:**

Prof. Jesus Calvino-Fraga
